

COMMENTS ON THE FERRIE CD'S

1) ORIGINAL FERRIE FILE

CD 6.165 (FAA check)	CD 87, SS 620 (5 pp.) (The major SS report)
CD 75.199-200 (DWF interview)	CD 205.583-4 (Corporan interview)
CD 75.589-90 (Magyar)	CD 205.585-6 (Ferrie statement)
CD 85.457-8 (Mulholland)	CD 301.85-7 (Texas motels, &c.)

With the possible exception of CD 85.458, the above 19 pages were what Jim Schmitt got when he ordered the Ferrie name file from the Archives long ago. Weisberg originally saw a 19-page file with 3 pages being duplicates, and found one more (ONO 169); I don't know what pages this refers to.

In CD's 6, 85, and 205 only, I have checked the adjacent pages; they are apparently not relevant.

The Ferrie part of the appendix to Oswald in N.O. is identical to the above, except CD 85.457-8 is not included. (SS 451, re Jack W. Martin, is in this section of the appendix.)

Note that CD 301.86 appears to be misnumbered 88. The latter page is on another subject (Joe Forrest).

2) INDEX CHECK

My 47 CD indexes have no other Ferrie references, except CD 75 and "Fairy" (CE 2038)

The SS card index at the Archives should be checked. I have not done so yet.

3) OTHER FERRIE PAGES

(Harold - I do not have a separate "Ferrie file," so this may be incomplete. Could you compare it with yours?)

CD 75.1 (synopsis) and many withheld pages (see separate notes)

CD 85.375 (CE 2038) ("Fairy")

CD 87, SS 61 (2 pp.)

CD 87, SS 407, p. 19 (CE 3119)

CD 87, SS 449, p. 4 (NOPD)

CD 344, p. 45 (SS interview of Marina)

CD 365 (part) (CE 1413)

CD 405.17-22 (CAP)

A listing of the names on the available Ferrie pages is attached.

4) STATEMENTS MADE ABOUT THE CONTENTS OF THE FERRIE FILES

See O. in N.O., pp. 163 ff. It was reported that the FBI "showed conclusively" that Ferrie and Oswald were not acquainted (p. 170). Liebelier reportedly said "there isn't anything in them (the FBI reports) that would indicate any connection." This of course contradicts the synopsis of CD 75, which refers to Oswald-Ferrie "contacts." In the same report, Liebelier is quoted as saying the reports showed no Ferrie-Oswald relationship at the time of the assassination - quite a difference. (p. 173)

5) THINGS TO DO

We can run a reasonable number of Ferrie-related names through the CD indexes and the name files. Suggestions?

We can guess at the contents of the various withheld pages in CD 75. It looks like most are CAP.
